

**Ceroc Routine Course - Never Gonna Not Dance Again**  
with Julie & Domenic  
January to March 2024

**Rehearsal Venue:**

**Concord Senior Citizens Centre, 9 Wellbank Street, Concord**

**Course Duration:**

Six consecutive Sundays plus a dress rehearsal at the Ball venue on the performance day.

**Multi Level Routine:**

**Level 1:** Dancing Ceroc for less than 2 years and/or never participated in a choreographed Ceroc routine before. Must have progressed beyond beginner classes. Level 1 will learn the **first & last sections** of the routine (just under 2 mins).

**Level 2:** Dancing Ceroc for more than 2 years and/or with Ceroc routine experience, plus the ability to execute intermediate & advanced moves. Level 2 will learn the **middle & last sections** of the routine (just under 2.5 mins), with the option to upgrade and add the first section as well (total just under 3.5 mins). The middle section of the routine (approx 1.5 mins) has the higher level (I/A) choreography.

**\*PARTNER REQUIRED BEFORE BOOKING\* and a partner change may be involved for part of the choreography**

**Course Fees:**

**Level 1:** \$90 per person

*or*

**Level 2:** \$130 per person

**Level 2 Upgrade:** Level 2 dancers can upgrade to learn the **first section as well** (total course fee \$150). Please note that the choreography & tuition of the first section will be in line with Level 1 ability, and the Level 1 dancers will have priority placement at the front of the performance for that section.

**Additional Costume Cost:**

Approx \$30 per person (plus BYO black pants & black, silver or gold shoes), due at the first session if you intend to perform.

**Ball Ticket:**

A ticket for the Ball (and/or any other event we may perform at - eg Championships, Dance Party, etc) will be required. In the spirit of the performance, routine participants must be attending the event.

**Note:** Rehearsal times MAY change slightly depending on how many people sign up for each section - eg if we find that one level needs a slightly longer/shorter timeslot. Thank you for your flexibility on this.
