

VIDEO POLICY

1. Video footage is permitted to be taken by Ceroc & Modern Jive Dance Company members **during social dancing only**.
2. Filming of any **classes/tuition or demonstrations/performances is NOT PERMITTED** without prior authorization from Ceroc & Modern Jive Dance Company.
3. Filming in all cases is **NOT PERMITTED by visitors** who are not members of Ceroc & Modern Jive Dance Company.

Please note:

Ceroc & Modern Jive Dance Company management may shoot video footage exclusive to the above rules for advertising purposes and/or use on social media. We always respect that some people do not want to be featured - please inform us of this at the time of filming.

In reference to Point 1 above, the following **respectful guidelines must be followed:**

- a) When filming a friend or partnership, please always ask BOTH members if they are ok with you filming them, and please be mindful of other dancers in the background who may not want to be on your video.
- b) Please always respect people's right to say no to being filmed, even if they are only in the background.
- c) Please don't roam/pan across the floor filming all dancers. Leave that to Ceroc management - we generally know who doesn't want to be on camera.
- d) Footage is for personal use only. No commercial use permitted.
- e) **Ceroc is a safe place for everyone where the right to privacy is respected.** Anyone considered not to be following the policy or filming for extended periods of time may be asked to delete the footage and may have their membership cancelled.
